La serie OCEAN si ispira al movimento dell'acqua e alla leggerezza trasmessa dal mare.
Il suo esclusivo lavabo, progettato e realizzato interamente in Solid Surface, è un pezzo organico che gioca con la fluidità e le ondulazioni dell'oceano, evocando la bellezza del liquido in contrasto con il solido.
Un design scultoreo che sembra scorrere come acqua che trabocca, aggiungendo carattere e raffinatezza allo spazio bagno.

OCEAN ICONIC 1060 GREEN FOREST

ICONIC

Una visione puramente artistica e architettonica, pensata per chi apprezza il design come espressione. Presenta una struttura in ferro dal profilo arrotondato, saldata con precisione e laccata a forno con vernice ad alta resistenza. Le sue linee dritte ed eleganti si intrecciano con le curve del lavabo, creando un contrasto armonioso che esalta l'ispirazione marina dell'oggetto.

OCEAN ICONIC 860 ROVERE SIENNA

OCEAN ICONIC 860 NOCE MAYA

OCEAN ICONIC 1060 MOON GREY

La struttura include un portasciugamani integrato e un ripiano inferiore in vetro stratificato con finitura bronzo, che aggiunge leggerezza ed evoca i toni rossastri del mare al tramonto. Per completare la funzionalità, il set include un mobile sottolavabo con cassetto con cornice dotato di meccanismo push-to-open sincronizzato + soft. I suoi lati in vetro retroilluminato trasformano l'esperienza in un gesto di raffinatezza

HORIZON

Un cassetto portaoggetti e un cassetto interno di grandi dimensioni, senza foro per il sifone, offrono una sorprendente capacità di contenimento in un volume compatto. Fluido e leggero nei movimenti grazie ai cassetti V8 di Grass, l'utente percepisce la qualità a ogni apertura.

OCEAN HORIZON 800 ROVERE SIENNA

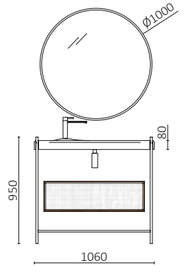

SOFT FALL by Salgar

Il lavabo Ocean è progettato con una curva interna precisa che guida l'acqua delicatamente e in modo controllato, evitando schizzi. La sua geometria, ispirata al movimento naturale del mare, ottimizza il flusso del rubinetto e offre un'esperienza d'uso silenziosa, pulita e armoniosa. Il set è completato da una maniglia lineare e minimalista, che funge da linea di demarcazione tra fluido e solido.

MARA rappresenta il perfetto equilibrio tra design, calore e sostenibilità.
Questa collezione nasce dall'unione del calore del legno naturale e della precisione della produzione industriale.
Realizzata in multistrato marino di betulla e rivestita con pregiata impiallacciatura naturale, Mara trasforma il bagno in uno spazio di benessere, dove il design si vive attraverso i sensi.
Le sue finiture in Rovere Europeo, Noce Americano ed Eucalipto Oceania rivelano l'autenticità del materiale, rendendo ogni pezzo un riflesso unico della natura.
Mara è una collezione pensata per chi cerca eleganza, resistenza e un autentico legame con la natura.

La maniglia smussata, integrata con precisione nel design del frontale, è il segno distintivo di Mara. La sua linea pulita e discreta unisce funzionalità ed estetica, esaltando le linee caratteristiche del compensato marino.
Design minimalista, esecuzione impeccabile.

MARA 2400 NOCE AMERICANO

MARA 800 EUCALIPTO OCEANIA

L'abbinamento della serie Mara con il lavabo Constanza, realizzato in ceramica smaltata opaca, aggiunge un tocco di morbidezza e raffinatezza all'insieme: una texture vellutata che trasmette purezza e calma.
Insieme, creano un bagno sereno e contemporaneo, dove materiale e forma dialogano con equilibrio ed eleganza.

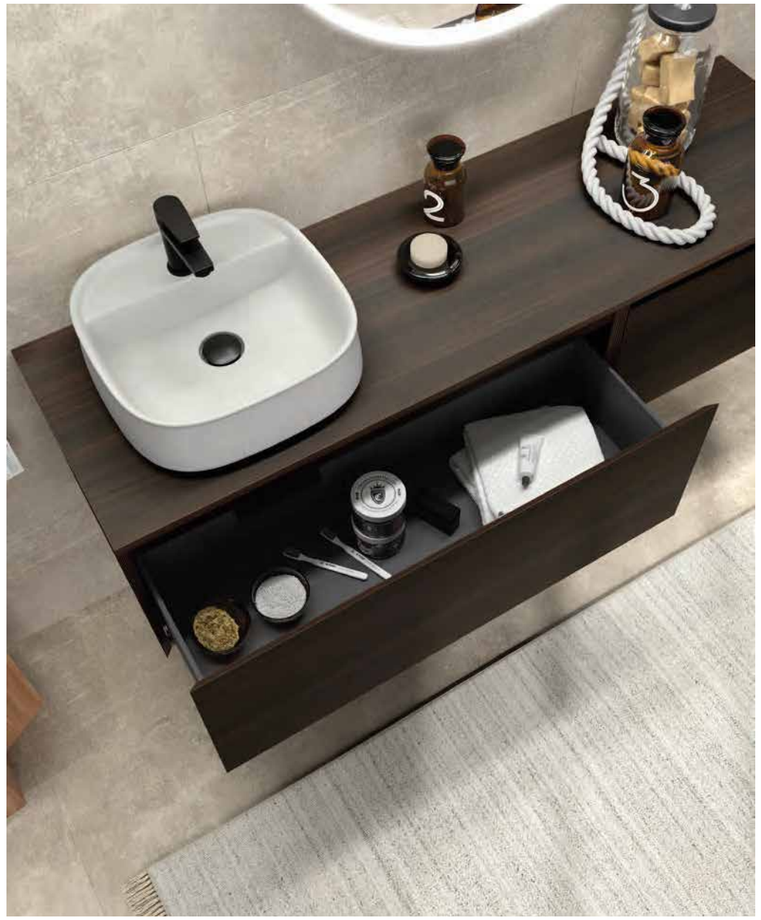

MARA 1600 ROVERE EUROPEO

La collezione Mara unisce l'autenticità del legno naturale alla solidità del multistrato marino di betulla, garantendo resistenza e stabilità anche in ambienti umidi.

MARA 1600 EUCALIPTO OCEANIA

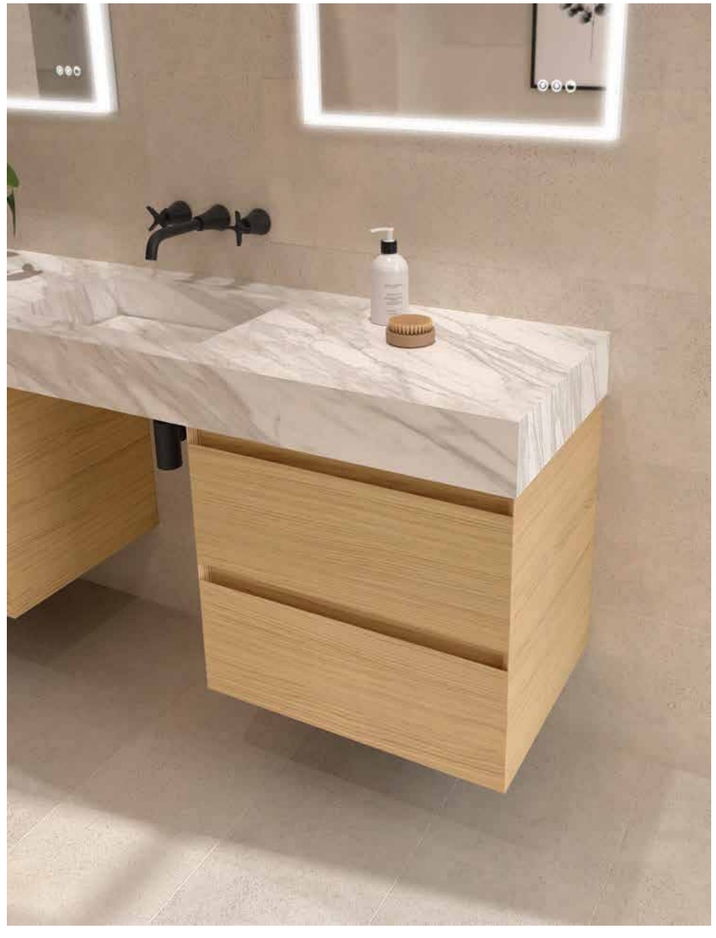

Mara unisce bellezza e funzionalità.
I suoi cassetti in metallo Grass V8 a estrazione totale offrono un'apertura fluida, stabile e silenziosa, consentendo di sfruttare al meglio lo spazio interno. Ogni vano mantiene ordine e armonia visiva, rendendo l'organizzazione quotidiana un piacere.
Più capienza. Più comfort. Più Mara.

L'eleganza del passato reinterpretata per il presente
Renoir nasce dall'unione della tradizione artigianale con la sensibilità del design contemporaneo. Il frontale bugnato, scolpito con precisione, conferisce volume e carattere a un mobile che unisce proporzioni classiche a una finitura satinata opaca, avvolgendo lo spazio in un'atmosfera di serenità e distinzione.
Disponibile in sette tonalità accuratamente selezionate, dal bianco più puro alle tonalità più intense del blu o del verde, Renoir permette di personalizzare ogni composizione con un'ampia scelta di maniglie e pomelli in metallo, creando ambienti che riflettono personalità ed equilibrio.
Una collezione che trasforma il bagno in uno spazio dalla bellezza senza tempo, dove ogni dettaglio evoca armonia, luce ed eleganza.

La curva come linguaggio dell'equilibrio

La collezione MAM ridefinisce l'eleganza del bagno attraverso la sua silhouette avvolgente e senza tempo. Il suo design curvilineo, ispirato alla leggerezza dell'Art Déco e alla serenità del minimalismo nordico, fluisce naturalmente per creare spazi che invitano al benessere.

Rifinita in laccato opaco seta con maniglie integrate, MAM combina un'estetica organica con interni tecnici di alta precisione: cassetti in metallo Grass Nova Pro One completamente estraibili dalle dimensioni generose che massimizzano lo spazio contenitivo.

Disponibile in sette finiture accuratamente selezionate, la serie consente di installare il lavabo decentrato grazie ai moduli ausiliari TOLETTA MAM e ALLIANCE, consentendo composizioni versatili e funzionali in cui bellezza ed ergonomia si fondono perfettamente.

MAM è più di un semplice mobile da bagno: è un pezzo di design che trasforma la funzionalità in emozione.

Questo mobile ha bisogno di un cassetto che coincida con la sua grande personalità, ecco perché abbiamo incorporato i nuovi cassetti Grass Nova Pro One.
Con la loro tecnologia di ultima generazione, offrono uno scorrimento fluido e una grande capacità.

VI

La bellezza della differenza
UNIIQ è per chi intende il design come forma di espressione. Una collezione che combina linee pulite con colori vivaci, dove ogni finitura riflette un'emozione e ogni dettaglio parla di personalità.
Il suo design equilibrato, con frontali laccati seta opaca e maniglie dalle forme morbide, crea mobili versatili che si adattano perfettamente sia agli spazi urbani che agli interni creativi.
Funzionale e vivace, UNIIQ offre molteplici configurazioni – lavabi decentrati, moduli combinabili, gambe in metallo e una colonna di complemento – per creare un bagno unico come chi lo vive.
Design con personalità. Stile con anima.

UNIIQ 910/SX BLUSH PINK

Morbido e ottimista, avvolge lo spazio di calore. Il rosa cipria conferisce un look fresco e contemporaneo, reinterpretando la delicatezza con carattere e modernità.

UNIIQ 800 EBROM

UNIIQ 600 CAJUN

UNIIQ 800 WHITE COTTON

UNIIQ 600 SOL

Scommettiamo su un design innovativo con il nuovo lavabo Cosy. Dalle forme sinuose e dal particolare dettaglio del labbro perimetrale, questo lavabo d'appoggio si distingue per la sua originalità. Inoltre, incorpora il rubinetto direttamente nel lavello, unendo stile e funzionalità in un unico design.

UNIIQ 900/SX TERRACOTA

UNIIQ 600 BLACK VELVET

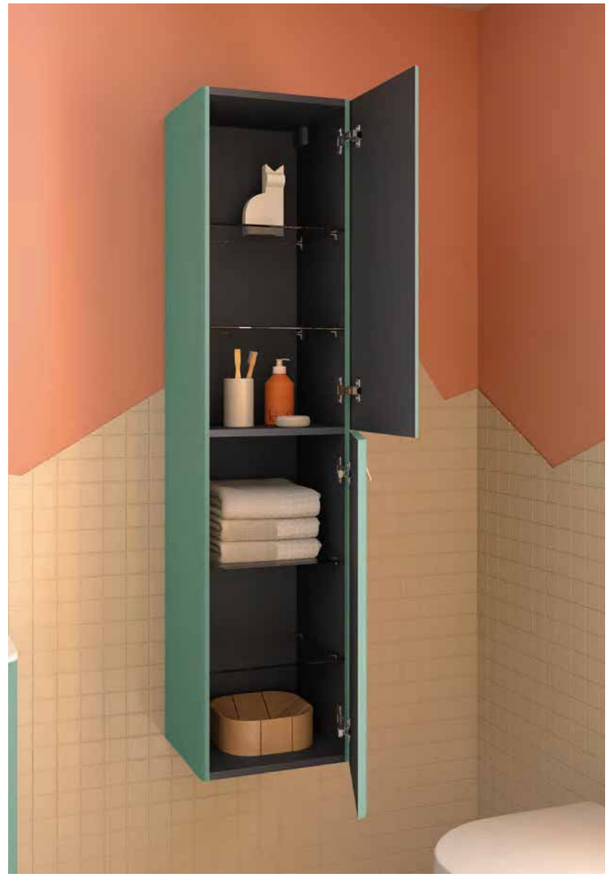

Maniglia Omega, disponibile in due versioni —maniglia e pomello — e in due finiture.
Con le sue forme sinuose, si integra perfettamente con la forma dell'arredamento, dimostrando che sono i piccoli dettagli che contano davvero.

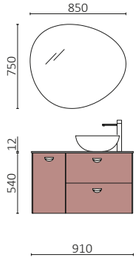

UNIIQ 1295/DX DUSTY TEAL

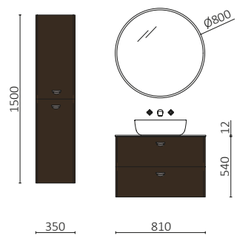

Profondo, sereno e sofisticato, il Dusty Teal si collega alla natura e trasmette equilibrio. Un colore di tendenza che trasforma il bagno in un santuario elegante e personale.

Tecnologia e design che nascono dal materiale stesso
La serie COMPAKT rappresenta una nuova generazione di top, realizzati in un composito fenolico derivato dal legno, resistente, preciso ed esteticamente puro.
Il suo sviluppo, frutto dell'innovazione e della collaborazione tra design e industria, consente la realizzazione di top e lavabi integrati 100% su misura, con un'eccezionale resistenza all'umidità e una rigidità strutturale che ridefinisce i limiti del materiale.
Con linee minimaliste e finiture ispirate alla pietra, al legno o al marmo, COMPAKT trasforma il bagno in uno spazio architettonico in cui ogni dettaglio riflette l'unione tra natura e tecnologia.

COMPAKT 1000 ROVERE MONTANA

COMPAKT 1600 MARMO BIANCO

Nei nostri top Compakt con lavabo integrato, puoi scegliere tra due dimensioni di lavabo: 46 o 56 cm, adattandole alle tue esigenze. Inoltre, puoi selezionare la profondità del piano di lavoro da 46 cm per abbinarlo a una qualsiasi delle nostre serie di mobili, o da 51 cm se preferisci installarlo da solo. Flessibilità totale per un bagno su misura per le vostre esigenze.

COMPAKT 1600 PIETRA GRAFITE

La finitura Pietra Grafite, una pietra con sottili filamenti che creano una struttura spettacolare. La sua finitura opaca e il tocco vellutato gli conferiscono una presenza potente ed elegante. Inoltre, puoi elevare al massimo il tuo ambiente abbinando i piani Compakt ai lavabi sospesi Monolith, disponibili in due finiture, con la rubinetteria integrata direttamente nel lavabo.

Texture, ritmo ed equilibrio
La collezione BIBA ridefinisce il bagno contemporaneo attraverso un design che unisce ordine visivo e sensazione tattile. Il suo frontale lineare e cannettato crea una superficie dinamica ed elegante che interagisce con la luce e i materiali circostanti.
Le nuove finiture Rovere Sienna e Rovere Montana, sviluppate con tecnologia di rivestimento 3D, riproducono il calore e il realismo del legno naturale con una resistenza perfetta per il bagno.
Le laccature opache effetto seta, applicate con un sistema robotizzato a base d'acqua, offrono purezza, morbidezza e una finitura impeccabile che riflette l'impegno di SALGAR per la qualità tecnica e la sostenibilità.
Versatile, modulare ed equilibrata, BIBA è la fusione di design, funzionalità e tecnologia al servizio del comfort quotidiano.

Non è importante solo la capienza, ma anche l'organizzazione interna. Progetta il tuo spazio interno per avere tutto al suo posto.

L’essenza del dettaglio perfetto
La collezione MONTERREY esprime la maestria industriale di SALGAR attraverso un design che unisce semplicità, ergonomia e precisione. La sua caratteristica maniglia profonda e organica, sviluppata con una tecnica esclusiva, conferisce identità e comfort all’uso quotidiano, diventando il segno distintivo della serie.
Prodotta utilizzando gli stessi processi tecnologici che definiscono l’eccellenza del marchio – rivestimento 3D sulle finiture in legno e laccatura opaca all’acqua applicata tramite robot – MONTERREY unisce il calore della texture naturale alla resistenza richiesta dall’uso quotidiano.
Una collezione modulare, versatile e contemporanea, dove la funzione diventa forma e ogni linea riflette oltre settant’anni di esperienza nel perfezionamento dell’arte di realizzare mobili per il bagno.

Organizzazione totale per qualsiasi mobile lavabo!
Il nuovo organizer per il vano salva sifone si adatta a tutte le collezioni, ottimizzando facilmente lo spazio sotto il lavabo. Il suo design versatile e funzionale mantiene tutti gli accessori a portata di mano, mantenendo ordine e armonia nel tuo bagno

CONDIZIONI GENERALI DI VENDITA

1.- CONSIDERAZIONI PRELIMINARI

La vendita dei nostri prodotti è disciplinata dalle presenti Condizioni Generali di Vendita, salvo diverse disposizioni espresse convenute nella corrispondente offerta o nell'accettazione dell'ordine di acquisto, che in tal caso costituiscono le condizioni particolari dello stesso. In conformità con quanto sopra, qualsiasi altra condizione non espressamente accettata da SALGAR deve intendersi carente di alcun valore.

2.- ORDINI DI ACQUISTO

L'oggetto della vendita deve essere chiaramente specificato nell'ordine di acquisto del CLIENTE e deve essere espressamente accettato da SALGAR.

Le specifiche tecniche, le configurazioni, ecc. riportate nei cataloghi, negli opuscoli, ecc. sono meramente indicative e non vincolanti, salvi i casi in cui SALGAR accetti dal CLIENTE delle specifiche tecniche predefinite e immodificabili, che devono quindi considerarsi come parte integrante della documentazione dell'ordine di acquisto.

Al momento dell'ordine di acquisto, il CLIENTE deve essere informato del prezzo del prodotto e delle spese di spedizione e consegna, impegnandosi a partire dal momento dell'accettazione di detto ordine a ricevere i prodotti e a pagare il prezzo convenuto con le spese di consegna incluse, se del caso.

Eventuali modifiche e/o variazioni introdotte devono essere proposte a SALGAR per iscritto, che sua volta deve accettarle espressamente, riservandosi comunque il diritto di effettuare gli opportuni adeguamenti equi dei termini contrattuali stabiliti dopo detta accettazione.

I prodotti su misura o personalizzati secondo le indicazioni dell'acquirente non potranno essere annullati una volta iniziata la produzione. Qualunque costo derivante da modifiche o cancellazioni successive a tale fase sarà a carico dell'acquirente.

ANNULLAMENTO DEGLI ORDINI DI ACQUISTO:

Gli ordini di acquisto non possono essere annullati trascorse ventiquattro (24) ore dalla loro ricezione e accettazione da parte di SALGAR.

3.- PREZZI

Il CLIENTE ha diritto di essere informato in ogni momento dei prezzi in vigore; la comunicazione dei prezzi si intende valida per un periodo di quattordici (14) giorni di calendario.

In ogni caso, il prezzo fatturato deve essere quello in vigore al momento della formalizzazione dell'ordine di acquisto da parte del CLIENTE e dopo la sua accettazione da parte di SALGAR.

I prezzi di vendita si intendono al netto di IVA o qualsiasi altra tassa, imposta e diritto, nonché al netto di eventuali spese di trasporto, di installazione, di certificazione o applicabili a qualsiasi altro titolo. Di conseguenza, il prezzo finale è il risultato della somma del prezzo netto più le imposte e/o tasse vigenti, oltre a eventuali spese di trasporto, di installazione o applicabili a qualsiasi altro titolo, come specificamente dettagliate nel preventivo o nell'ordine di acquisto.

SALGAR ha facoltà di modificare in qualsiasi momento le tariffe e i prezzi pubblicati, fatti salvi i prezzi convenuti nei contratti in essere con i suoi CLIENTI.

Le condizioni di pagamento sono quelle stabilite caso per caso da COMERCIAL SALGAR.

4.- CONSEGNA DEI PRODOTTI

SALGAR si impegna a rispettare i termini di consegna convenuti con il CLIENTE; ciononostante, tali termini devono intendersi come meramente indicativi, dimodoché eventuali ritardi giustificati non devono considerarsi come giusta causa per esigere la risoluzione del Contratto né eventuali risarcimenti per danni o somme a titolo di penale.

Il CLIENTE si impegna ad accettare la consegna di lotti parziali di prodotti quando eventuali circostanze relative a magazzinaggio, scorte e produzione così lo richiedano.

5.- TRASPORTO

Tutti i prodotti di SALGAR sono consegnati al trasportatore dopo un accurato controllo di qualità e dell'imballaggio; all'atto della consegna il CLIENTE è comunque tenuto a ispezionare gli articoli ricevuti per verificarne la qualità e la quantità.

In aso di eventuali danni o difetti di quantità o di qualità nell'imballaggio o nel prodotto rilevati al momento della consegna, il CLIENTE è tenuto a notificarli a SALGAR via e-mail entro un termine massimo di quarantotto (48) ore, riportando con precisione i danni rilevati sulla bolla di consegna e allegando delle fotografie in cui siano chiaramente visibili.

Se i danni sofferti dal prodotto non sono visibili al momento della consegna e il CLIENTE rileva i danni successivamente in fase di revisione dell'ordine di acquisto, quest'ultimo dispone di un termine massimo di cinque (5) giorni lavorativi per notificarli a SALGAR a partire dalla data di ricezione indicata sulla bolla di consegna.

6.- GARANZIE

SALGAR è responsabile nei confronti del CLIENTE per i prodotti forniti in caso di difetti materiali, di fabbricazione o di montaggio nei termini previsti dalla vigente legislazione europea.

In caso di difetto di qualità dei prodotti, il CLIENTE è tenuto a notificarlo immediatamente a SALGAR entro il termine di quindici (15) giorni lavorativi decorrenti dalla data di ricezione indicata sulla bolla di consegna, salvo il difetto non venga rilevato con l'uso continuato del prodotto, nel qual caso si rinvia all'applicazione delle disposizioni di cui al paragrafo sopra.

In nessun caso SALGAR si ritiene responsabile per eventuali riparazioni effettuate da personale estraneo alla sua organizzazione. SALGAR non si assume nemmeno la responsabilità per ogni genere di spese derivanti dall'installazione di un prodotto che presenti danni o difetti di qualità.

La garanzia non si applica comunque in caso di deterioramento del prodotto non direttamente derivante dal normale funzionamento, come guasti derivanti da urti, manipolazione incorretta, interventi o tentativi di intervento da parte del CLIENTE sul prodotto o sull'articolo per attività di manutenzione, di riparazione e di regolazione o qualsiasi altra modifica effettuata dal CLIENTE.

Sono altresì esclusi dalla garanzia, che in tal caso deve considerarsi come scaduta, eventuali danni e difetti dovuti a conservazione o manutenzione inadeguata, immagazzinaggio o utilizzo incorretto o negligente, abuso, montaggio difettoso, variazioni nella qualità della fornitura, modifiche introdotte senza l'approvazione di SALGAR, installazioni eseguite o modificate successivamente senza seguire le istruzioni tecniche del fabbricante e, in generale, a qualsiasi causa non imputabile a SALGAR.

7- RESI DI PRODOTTI

Non sono ammessi resi di merce se non espressamente accettati dal COMERCIAL SALGAR, il tutto fatto salvo il diritto di recesso delle vendite a distanza in base ai termini previsti dalla legge.

Non sono ammessi resi di merce realizzata su misura o personalizzata secondo i criteri richiesti dal cliente.
