

ROAD
NEW XILON COLLECTION

ROAD

NEW XILON COLLECTION

Road, è il nuovo concept di Xilon, il bagno funzionale. Lavabi in appoggio ed integrali in Ocritech e ceramica alloggiati su strutture in alluminio dal sapore industrial. Molte le combinazioni cromatiche tra le finiture dei metalli e dei vari moduli contenitori. Il progetto affonda la sua ispirazione al mondo industriale, quindi strettamente legato alla funzionalità tipica degli arredi di lavoro. Questo linguaggio estetico offre nuove interpretazioni formali coniugando passato e contemporaneità in nuove chiavi estetiche.

Road, is the new concept by Xilon, the functional bathroom. Ocritech and ceramic built-in or countertop washbasins fitted onto aluminium structures with an industrial style. There are many colour combinations with the metallic finishes and various container modules. The design is inspired by the industrial world, so it is closely linked to the typical functionality of work furniture. This aesthetic language offers new interpretations of form, combining past and present with new aesthetic twists.

ROAD

NEW XILON COLLECTION

Strutture metalliche Metal structures

Tubolari in alluminio sez. 20x20 nelle finiture Nero, Gold, e Bronzo compongono inossidabili strutture particolarmente adatte per un ambiente elegante ma funzionale.

20x20 section aluminium tubes with Black, Gold and Bronze finishes form stainless structures particularly suitable for an elegant yet functional environment.

Finiture legno Wood finishes

Caratteristiche finiture legno materiche e non, compongono i vari moduli contenitori coniugando al meglio l'accostamento con i colori dell'alluminio.

The various container modules are made from characteristic material wooden finishes and other versions, creating the best combination with the colours of the aluminium.

Il mix di materiali dalle marcate caratteristiche tecnologiche ha ispirato questo nuovo progetto. Alluminio, Ocritech, finiture materiche, laccate e mobili contenitori si amalgamano per dare vita a una piacevole esperienza tattile e visiva.

The combination of materials with real technological features has inspired this new design. Aluminium, Ocritech, material finishes, lacquers and storage furniture are combined to create an enjoyable tactile and visual experience.

Cristallo Temperato Tempered Glass

L'utilizzo del vetro a vista, novità per Xilon viene proposto sia nella zona sottolavabo che in pratiche strutture pensili a giorno.

The use of exposed glass, new for Xilon, is offered both under the washbasin and in practical open wall unit structures.

Lavabi Ocritech Ocritech washbasins

Lavabi dalle linee estremamente pulite realizzati in Ocritech, il nuovo concept del solid surface, un ottimo alleato nell'utilizzo quotidiano grazie alle sue caratteristiche di resistenza agli urti, ai graffi e ai raggi UV, che si sposano con doti di pulizia delle linee.

Washbasins with extremely clean lines made from Ocritech, this new concept of solid surfaces makes an excellent partner for everyday use thanks to its properties that withstand knocks, scratches and UV rays, which go well with the clean qualities of the lines.

Struttura: reversibile Dx-Sx, lavabo in Ocritect. Modulo contenitore con cassetti. Maniglie coordinate alla finitura della struttura, disponibile anche con apertura push to open, ripiani sottolavabo in vetro fumè.
 Dimensioni: 120+7x46x88 cm
