Dove il parquet diventa arte.

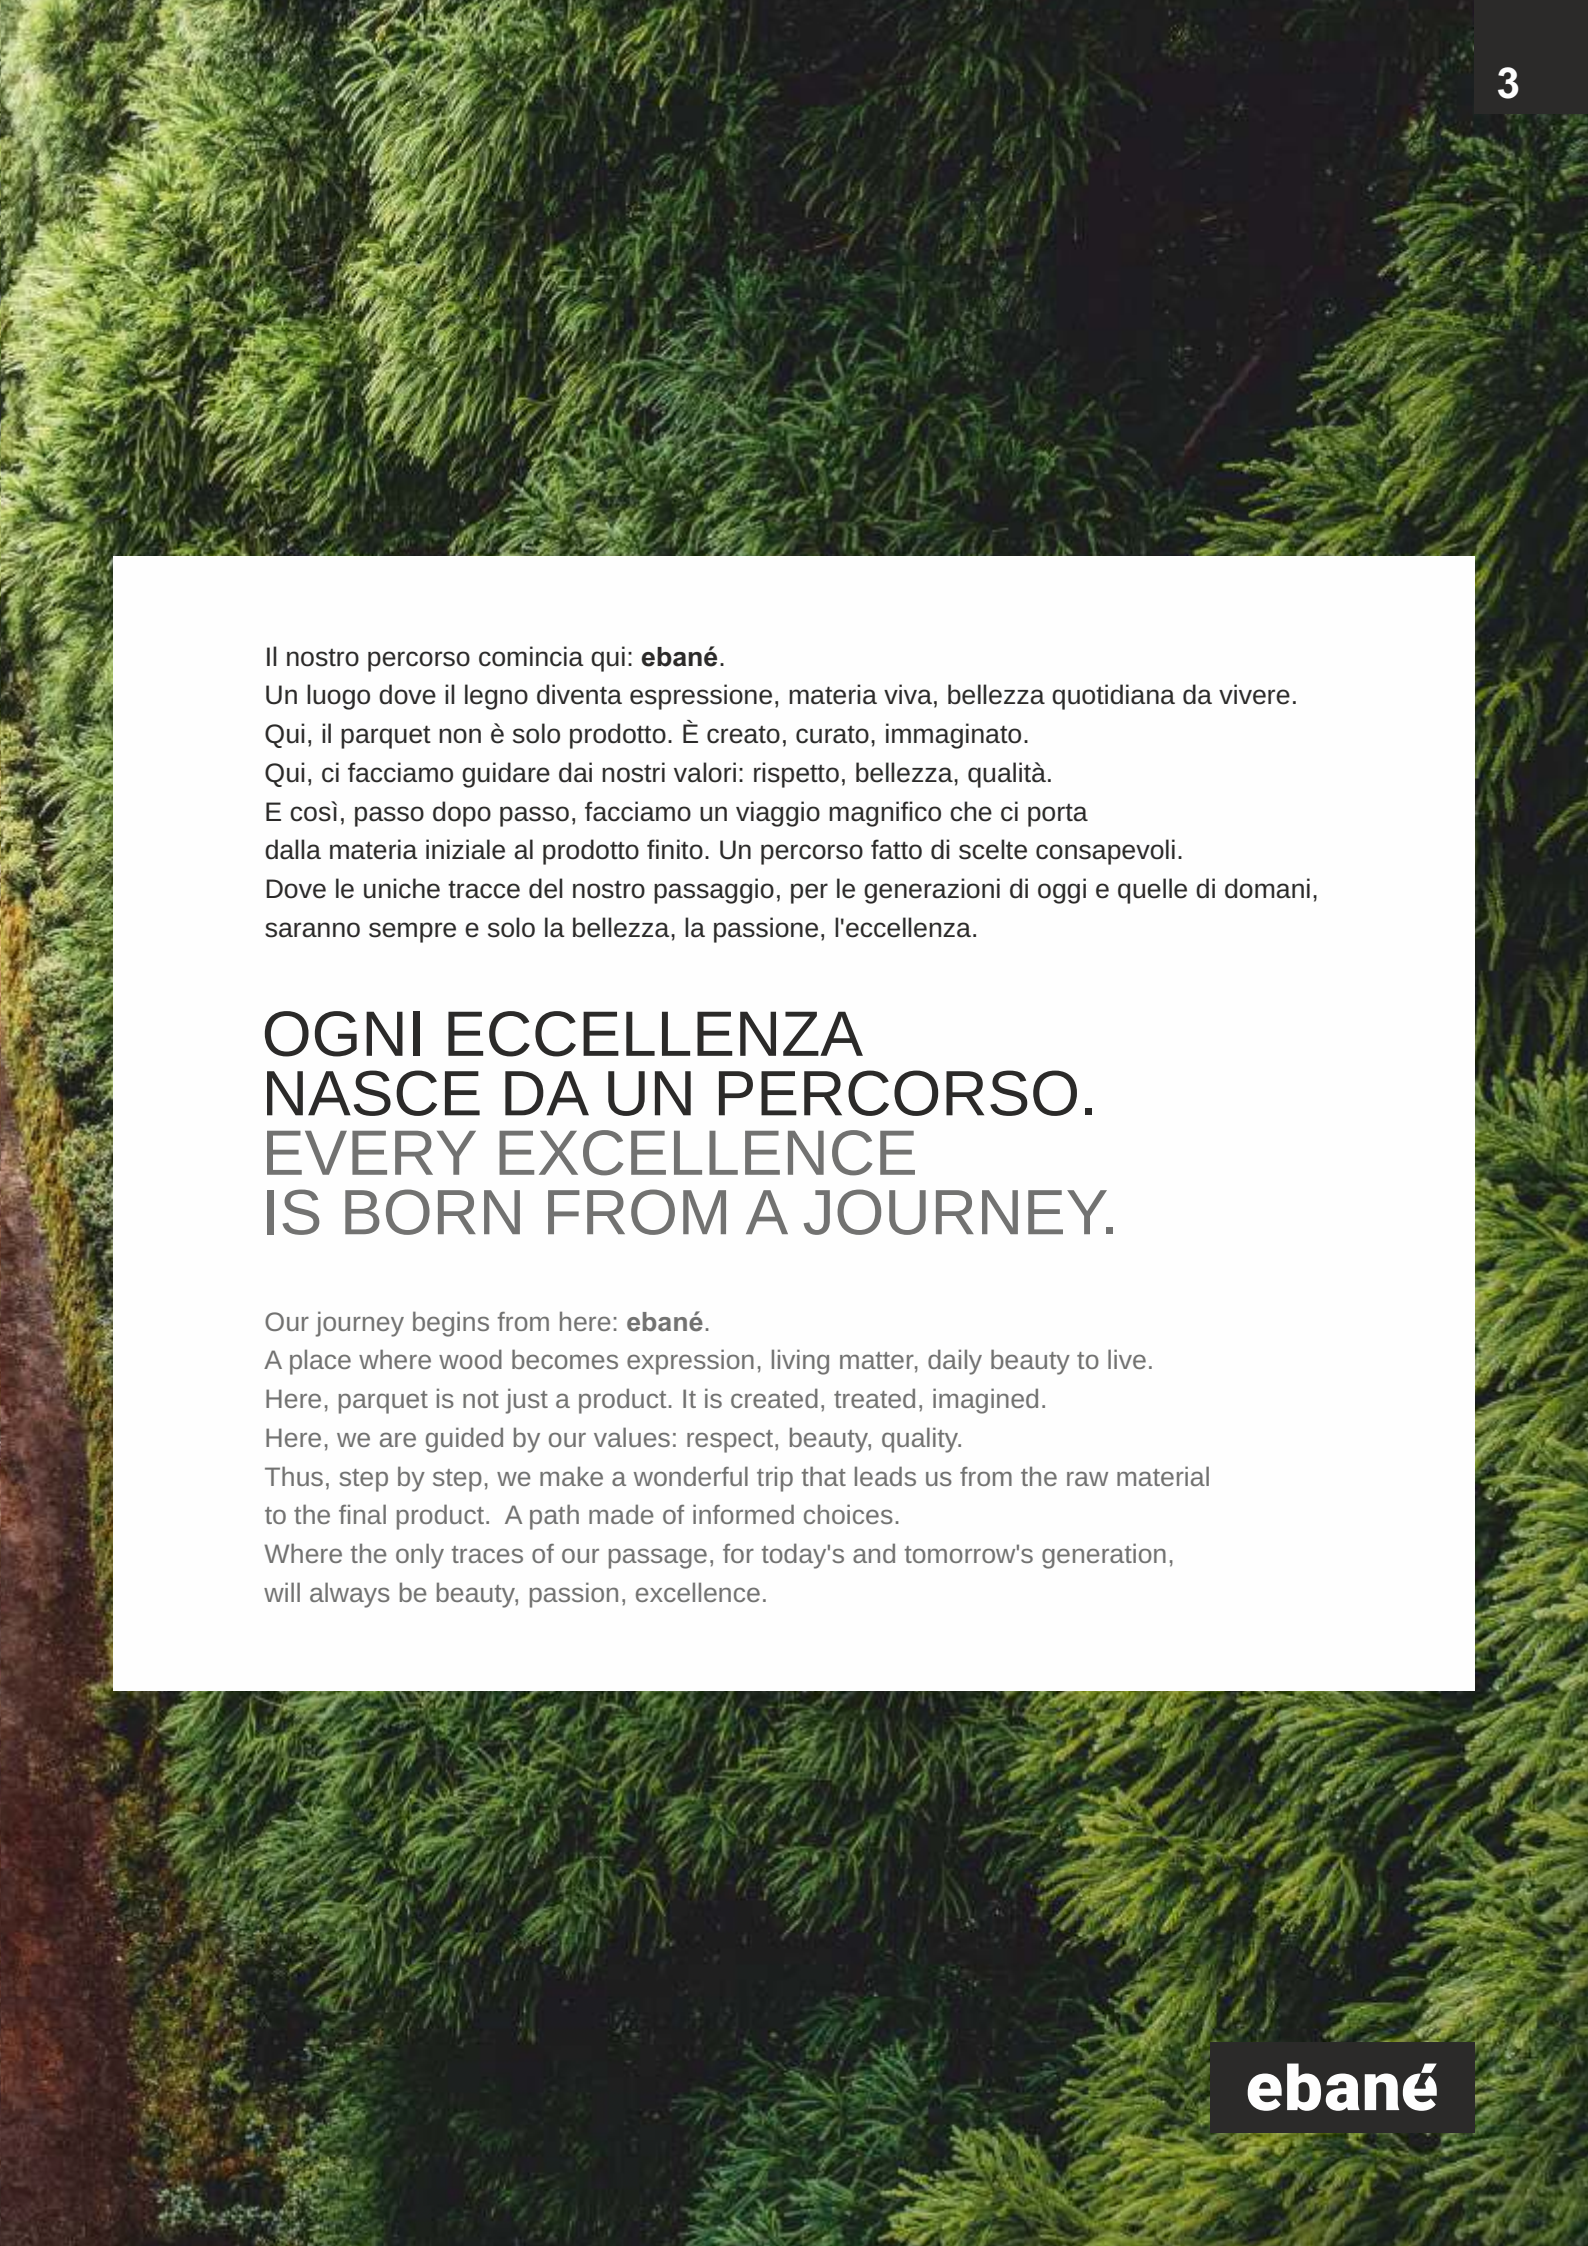

100% MADE IN ITALY

ebané

Dove il parquet diventa arte.

PAVIMENTI IN LEGNO
WOODEN FLOORING

Il nostro percorso comincia qui: **ebané**.
Un luogo dove il legno diventa espressione, materia viva, bellezza quotidiana da vivere.
Qui, il parquet non è solo prodotto. È creato, curato, immaginato.
Qui, ci facciamo guidare dai nostri valori: rispetto, bellezza, qualità.
E così, passo dopo passo, facciamo un viaggio magnifico che ci porta
dalla materia iniziale al prodotto finito. Un percorso fatto di scelte consapevoli.
Dove le uniche tracce del nostro passaggio, per le generazioni di oggi e quelle di domani,
saranno sempre e solo la bellezza, la passione, l'eccellenza.

OGNI ECCELLENZA NASCE DA UN PERCORSO.
EVERY EXCELLENCE IS BORN FROM A JOURNEY.

Our journey begins from here: **ebané**.
A place where wood becomes expression, living matter, daily beauty to live.
Here, parquet is not just a product. It is created, treated, imagined.
Here, we are guided by our values: respect, beauty, quality.
Thus, step by step, we make a wonderful trip that leads us from the raw material
to the final product. A path made of informed choices.
Where the only traces of our passage, for today's and tomorrow's generation,
will always be beauty, passion, excellence.

Crediamo in un futuro dove il bello cammina insieme al giusto.
Dalla selezione del miglior legno al processo produttivo, ogni scelta è ponderata.
Per questo, ogni nostro parquet nasce nel rispetto dell'ambiente:
abbiamo deciso di restituire ciò che prendiamo, acquistando e curando un magnifico bosco, per compensare ciò che utilizziamo.
Un primo passo, un gesto semplice, che ci permette di guardare a un futuro dove **ebané** sarà 100% sostenibile.
Perché creare bellezza significa anche saperla proteggere.

IL PRIMO PASSO: RISPETTARE LA NATURA.
FIRST STEP: RESPECT NATURE.

We believe in a future where beauty walks together with the right.
From the selection of best wood to productive process, every choice is well thought.
This is why each of our parquets is born respecting the environment:
we have decided to give back what we take, buying and maintaining a magnificent forest, to compensate for what we use.
A first step, a simple gesture, that allows us to look to a future where **ebané** will be 100% sustainable.
Because creating beauty also means knowing how to protect it.

ebané

Nei laboratori **ebané** accade ogni giorno qualcosa di straordinario.
Il legno ci parla. Con le sue venature, i suoi nodi, le sue imperfezioni.
I nostri artigiani lo sanno ascoltare. Veri maestri ebanisti, ne interpretano l'essenza, lavorandolo con gesti precisi e un'infinita passione.
È così che nascono parquet unici, lavorati a mano con competenza moderna e sapere antico. È così che nasce una vera bellezza del Made in Italy.

SULLA STRADA DI UNA AUTENTICA ARTIGIANALITÀ.
ON THE ROAD TO TRUE CRAFTSMANSHIP.

Something extraordinary happens every day in the **ebané** workshops.
Wood is talking to us. Through its veins, its knots, its imperfections.
Our craftsmen know how to listen to it. True cabinet makers, they interpret its essence, working with precise gestures and infinite passion.
This is how unique parquets are born, hand-crafted with modern expertise and ancient knowledge. This is how a true beauty of Made in Italy is born.

Non esiste un parquet uguale all'altro. Perché non esiste una storia uguale all'altra.
Noi creiamo superfici personalizzate, che raccontano, che accolgono, che diventano parte della vita di chi le vive.
Il nostro design è italiano nel cuore e su misura nell'anima: un incontro tra bellezza e funzionalità, pensato per interpretare ogni spazio in modo personale e unico.

UNA DIREZIONE UNICA: IL DESIGN ITALIANO.
A SINGLE DIRECTION: ITALIAN DESIGN.

There is no equal parquet. Because there is no equal story.
We create personalized surfaces, that tell stories, that welcome, that become part of the life of those who live them.
Our design is Italian in heart and tailored to the soul: a meeting between beauty and functionality, designed to interpret each space in a personal and unique way.

ebané

Forme, sfumature, trame. Le sperimentiamo, le creiamo, le reinventiamo. Ogni giorno.
Perché **ebané** è anche un laboratorio di idee, dove ogni progetto
prende forma in modo unico. Idee che nascono dal suono della pialla, dalla luce che accarezza il legno appena lavorato.
E che diventano eccellenza con la cura nei dettagli, la precisione nei passaggi.
Una creatività che si sprigiona dalle menti e dalle mani.
E che prende la forma prima di un parquet, e poi di un living.

IL DETTAGLIO IN OGNI TAPPA.
THE DETAIL AT EACH STAGE.

Shapes, nuances, textures. We experience with them, create them, reinvent them.
Every day. Because **ebané** is also a laboratory of ideas, where each project takes shape in a unique way.
Ideas are born from the sound of the planer, from the light that touches
the freshly worked wood.
And that become excellence with attention to detail, precision in the steps.
A creativity that comes from the mind and hands.
And takes the form of first a parquet floor, then a living room.

FUSION

LE NANOTECNOLOGIE AL TUO SERVIZIO
NANOTECNOLOGY AT YOUR SERVICE

ebané

FUSION: LA PERFETTA FUSIONE TRA COLORE E LEGNO.

L'incontro tra legno e resina offre un contrasto interessante e piacevole per gli occhi, che crea un'atmosfera accogliente ed elegante negli interni domestici.
La combinazione di questi materiali naturali rende FUSION un pavimento duraturo nel tempo, garantendo risultati di alta qualità che resistono al passare degli anni.

RESISTENZA

FUSION un sistema decorativo che consente massima versatilità progettuale grazie all'incontro tra la naturalezza e la spontaneità del legno e la durevolezza, elasticità e impermeabilità della resina.
I pavimenti rivestiti con questa tecnologia sono incredibilmente resistenti e duraturi, essendo in grado di sopportare l'usura quotidiana e il passaggio di persone senza subire danni.
La resina offre anche una superficie impermeabile, che rende FUSION perfetto per aree come cucine, bagni e lavanderie.

FUSION: THE PERFECT FUSION OF COLOUR AND WOOD.

A meeting point between wood and resin offers an interesting and pleasant contrast for the eyes, which creates a cozy and elegant atmosphere in the home interiors.
The combination of these natural materials makes FUSION a long-lasting floor, ensuring high quality results that last over the years.

RESISTANCE

FUSION is a decorative system that allows maximum design versatility, thanks to the naturalness and spontaneity of the wood and the durability, elasticity and impermeability of the resin.
The floors covered with this technology are incredibly resistant and durable, being able to withstand the daily wear and the passage of people without suffering damage.
The resin also offers a waterproof surface, which makes FUSION perfect for areas such as kitchens, bathrooms and laundries.

IL COLORE DIVENTA PROTAGONISTA

La gamma FUSION offre una vasta scelta di colori vivaci e brillanti che possono essere personalizzati per adattarsi al gusto e allo stile di ogni cliente.
La resina applicata sul legno permette di creare superfici uniformi e lisce, garantendo una sensazione di continuità e armonia negli ambienti interni. Indipendentemente dai 10 colori disponibili, grazie alla cartella colori NCS (Natural Color System sistema internazionale contenente oltre 1.750 colori diversi) avrai molta più libertà di scelta e possibilità di creare una soluzione personalizzata che si adatta perfettamente ai tuoi gusti e alle tue esigenze estetiche.

UNO STILE SOLO TUO

Questo sistema decorativo, che prevede l'abbinamento tra legno e resina è ideale per coloro che desiderano trasformare la propria casa in un angolo di design unico e personalizzato. Grazie alla vasta scelta di colori e stili disponibili e alla resistenza di questa tecnologia, è possibile creare ambienti funzionali e di alta qualità che rispecchiano il gusto e lo stile di ogni cliente.

COLOR BECOMES THE PROTAGONIST.

The FUSION range offers a wide choice of bright and vibrant colors that can be customized to suit the taste and style of each customer.
The resin applied to the wood allows to create smooth and unifrom surfaces, ensuring a feeling of continuity and harmony of the interiors.
Regardless of the 10 colors available, thanks to the NCS color chart (Natural Color System international system containing over 1,750 different colors), you will have more freedom of choice and possibility to create a customized solution that perfectly suits your tastes and your aesthetic needs.

YOUR OWN STYLE.

This decorative system, which combines wood and resin, is ideal for those who want to transform their home into a unique and personalized design corner. Thanks to the wide choice of colors and styles available and the resistance of this technology, it is possible to create functional and high quality environments that reflect the taste and style of each customer.

MANUTENZIONE E PRODOTTI PER LA PULIZIA
MAINTENANCE AND CLEANING PRODUCTS

PULIZIA E CURA DEL PAVIMENTO
CLEANING AND FLOOR CARE

Il pavimento ha ricevuto un trattamento superficiale protettivo che, se ben curato, manterrà le sue caratteristiche per lungo tempo, preservando il legno dall'usura.
Si consiglia di rimuovere la polvere con appositi panni anti-polvere, con scopa o con aspirapolvere.

The floor has a protective surface that, if well cared, will maintain its features over the years, preserving the wood frim wear.
It is recommended to remove dust with special anti-dust cloths, brooms or vacuum cleaner.

MANUTENZIONE QUOTIDIANA
DAILY MAINTENANCE

La pulizia quotidiana del parquet va eseguita con acqua tiepida utilizzando un panno ben strizzato.
Per una pulizia più efficace si può utilizzare in diluizione un detergente appropriato seguendo bene le istruzioni poste sul retro del flacone.

The parquet daily cleaning must be done with warm water and a very well squeezed cloth.
For a deep cleaning, it can be used an appropriate diluted detergent. by following carefully the instructions written on the bottle label.

NORMATIVE EUROPEE
EUROPEAN REGULATIONS

FOGLIO INFORMATIVO ALLEGATO AL LISTINO
USEFUL INFORNATION ADD TO PRICE LIST

LE TERMINOLOGIE DEL SEGUENTE LISTINO SONO RIFERITE ALLE NUOVE NORMATIVE EUROPEE **EN 13226** PER I LEGNI IN MASSELLO ED **EN 13489** PER I LEGNI PREFINITI CON SIMBOLI DELLA CLASSE DI ASPETTO:

*TERMS OF THE ABOVE PRICE LIST REFERS TO NEW LEGISLATION **EN 13226** FOR SOLID WOODS AND **EN 13489** FOR PREFINISHED WOODS WITH THE FOLLOWING SYMBOLS:*

TERMINI AZIENDALI ADOTTATI		
A	○	FIBRA STRETTA E LARGA
B	○	FIBRA LARGA E FIAMMATA
C	△	FIBRA FIAMMATA E VARIEGATA CON PICCOLI NODI
D	□	STONALIZZATO, ALBURNATO, NODATO
E	□	RUSTICONE

COMPANY TERMS		
A	○	*TIGHT AND LARGE UNIFORM FIBER*
B	○	*LARGE AND FLAMED FIBER*
C	△	*FLAMED WITH SMALL KNOTS*
D	□	*STONALIZED WITH SAP AND KNOTS*
E	□	*VERY RUSTIC*

Essendo il legno un materiale naturale, si evidenziano differenze cromatiche e di fibratura che rendono tutti gli elementi differenti tra di loro. La nuova normativa europea vuole mettere ordine alle varie interpretazioni che negli ultimi anni hanno confuso il consumatore. Pertanto non si parlerà più di scelta, bensì di classe d'aspetto. Tutte le nostre forniture sono contrassegnate da certificato di conformità, rilasciato dal consorzio "VERO LEGNO".

As the wood is a natural material, different shade colors and fiber differences are revealed to create unique variety of elements. New European legislation wants to clarify and putting all the different interpretations in order, as they make the consumers confused, that's why noe we talk of "class of aspects" and not "choices". All our products have a certificate of conformity (approval certification) issued by "VERO LEGNO" consortium.

CONDIZIONI COMMERCIALI DI VENDITA
CONTRACTUAL TERMS

1) ORDINI: gli ordini passati a mezzo agente sono subordinati all'accettazione della MEG Trading.

2) QUALITÀ: i colori e le tonalità dei campioni devono intendersi solo come indicativi per cui la corrispondenza ad essi della merce venduta è approssimativa, così come l'uniformità del colore deve essere considerata come relativa: viene comunque garantita la fornitura corrispondente alla scelta fatta.
Nelle specie legnose Merbau, Doussie, Wengè e Panga Panga possono manifestarsi talvolta tracce di concrezioni di silicio il cui colore va da biancastro al giallo limone che non possono in alcun modo essere considerati difetti o vizi.

3) CAMPIONATURA: i campioni sono sempre puramente indicativi e mai impegnativi in quanto possono variare a seconda delle partite nella venatura e nel colore.

4) DIMENSIONI: le dimensioni in pianta degli elementi, anche se specificate saranno da intendersi indicative.

5) TERMINI: le date di consegna merce, convenute contrattualmente si intendono indicative talchè la società fornitrice non incorrerà in alcun inadempimento se dovessero essere posticipate, per irregolari rifornimenti delle materie prime, per esigenze di organizzazione interna e/o di cantiere, nonchè per ogni altra causa di forza maggiore. Tali eventi in nessun caso daranno luogo a risoluzione anche parziale del contratto o diritto a pretese di natura risarcitoria.

6) VIZI: la verifica della merce andrà fatta perentoriamente al momento della consegna della stessa; eventuali vizi non evidenti al momento della consegna potranno essere segnalati, presso la nostra Sede legale con raccomandata A/R non oltre 8 giorni dal tempo della consegna, a pena di decadenza. Ad ogni modo, gli obblighi della MEG Trading non andranno oltre il ritiro e la sostituzione della merce difettosa.

7) RESPONSABILITÀ: l'utilizzazione o l'alienazione della merce da parte del cliente acquirente costituiscono pieno riconoscimento della corrispondenza di esso a quanto pattuito e della sua idoneità all'uso a cui è destinato.

8) MODALITÀ DI PAGAMENTO: i pagamenti andranno effettuati presso la sede della intestata società fornitrice secondo tempi e modi convenuti nel presente contratto; in caso di pagamento rateale la vendita si intende perfezionata con riserva di proprietà della merce sino al completo pagamento del prezzo complessivo dovuto ai sensi dell'art. 1523 c.c.; eventuali reclami o contestazioni non daranno diritto all'acquirente di sospendere o ritardare nei pagamenti convenuti.

9) INSOLVENZA: le irregolarità nei pagamenti autorizzano MEG Trading a troncare extemplo le forniture oggetto di accordo; gli interessi di mora saranno quelli bancari correnti.

10) PREZZI: tutti i prezzi si intendono al metro quadrato se non diversamente specificate e IVA esclusa; qualora, prima della consegna, si verifichino incrementi dei costi (di materie prime, trasporti, manodopera, dazi doganali, cambi valutari) il venditore potrà unilateralmente adeguare il prezzo nella misura corrispondente ai detti aumenti, salvo la facoltà dell'acquirente di recedere da contratto quando il prezzo risultasse più alto del 10% di quanto stabilito originariamente, con Sua rinuncia a qualsiasi pretesa di risarcimento nei confronti di MEG Trading.

11) GARANZIA: qualora la contestazione per vizi o difetti sia ritenuta valida e giustificata, l'acquirente ha diritto alla sostituzione della stesso, che verrà accettato in reso solo in condizioni originali integre e complete.

12) SCHEDE PRODOTTI: tutti i prodotti vengono accompagnati da una scheda identificativa predisposta dal fornitore consegnata al cliente e da quest'ultimo resa disponibile a potenziale acquirente/consumatore.
La scheda deve accompagnare il prodotto, qualunque sia la modalità di offerta del prodotto stesso adottata dal cliente nei confronti dell'acquirente/consumatore. Pertanto è onere del cliente fornire all'acquirente/consumatore detta scheda al momento della conclusione del contratto di vendita ovvero non oltre la consegna dei prodotti (o posa in opera degli stessi). Il cliente terrà indenne e manlevato il fornitore per ogni conseguenza derivante dalla violazione degli obblighi sopra previsti.

13) RESI: non si accettano resi salvo accordi particolari con MEG Trading.

14) IMBALLAGGI: il loro prezzo, se non diversamente pattuito, si intende compreso a quello della merce; lo smaltimento degli imballaggi e degli scarti di lavorazione sono a carico del cliente.

15) FORO: per le parti del presente contratto il Foro esclusivamente competente a dirimere eventuali controversie in ordine all'interpretazione e/o esecuzione della stesso e quello di Bergamo (BG).

***1) ORDERS**: all the orders received through agents are subject to MEG Trading's approval.*

***2) QUALITY:** colors and shade are to be construed as indications, so it is not necessary that the sold material is identical, as the color uniformity must be considered relative: we however guarantee that the supply will correspond to the made choice. Merbau, Doussié, Wengé and Panga Panga may sometimes have silicon traces of yellow or whitish color, which can not be considered as faults.*

***3) SAMPLES:** the samples are always just descriptive and never obliging as their color and grain can change according to the different lots.*

***4) DIMENSIONS:** the dimensions must be considered as indications.*

***5) TERMS:** delivery dates, previously defined in the contract, must be considered as approximate. MEG Trading will not go through any evenr of non-compliance if the delivery timewill be postponed for irregular raw material supply, for internal organization and/or construction site, or even for any othe reason of force majeure. All the mentioned reasons willnever be a pretext to cancel the contract or to ask for a compensation.*

***6) DEFECTS:** you must check the material at the moment of the delivery; any fault discovered after the delivery must be communicated to us via registered e-mail within 8 days from delivery Anyway, MEG Trading's duties will be no other than collecting the material and replacing the faulty material.*

***7) RESPONSABILITIES:** when the client uses or transfers the materials, he acknowledges that it is what he ordered, and it is suitable for use.*

***8) PAYMENT:** payments must be issued to MEG Trading according to the timelines and methods of payment subscribed in the contract. In case of payment by instalment, the MEG Trading's retention of title on the material is to be consider until the payment of the whole amount. Any possible claims or disputes don't entitle any suspension or delay of the payment.*

***9) INSOLVENCY:** payment irregularities allow MEG Trading to cancel all the supplies earlier estabilished. The default interests will be calculated according to the actual bank.*

***10) PRICES:** all prices are by square meters, if not differently mentioned, and VAT excluded; whenever, before the delivery of the products, some costs will increase (raw material, transport, handwork duty fees, exchange rate) the seller is free to adjust the prices according to these rises, the buyer is free to back out of the contract if the increases are higher than 10% of the original price, giving up to any right of refund from MEG Trading.*

***11) WARRANTY:** whenever the claims for faults or defects are true and legitimate, the buyer has the right to ask for the goods replacement, only if the returned goods are still intact, complete and in its original conditions.*

***12) PRODUCT DATA SHEET:** all the products are followed by their specific identification data sheet written by the supplier, delivered to the client who will make it available to the potential buyer/user.*
The technical sheet must accompany the product, no matter how it is offered to the customer. Consequently, it is full responsibility of the client to provide this sheet to the buyer/consumer when the contract is going to be signed and not after the delivery (or installation) of the product. The client hold the Supplier harmless of any consequence from the violation of the previously mentioned obligations.

***13) GOODS RETURN:** we do not accept the returning of goods unless there is an understanding with MEG Trading.*

***14) PACKAGING:** the cost of the packaging, if not differently expressed, must be considered included in the price of the products, the disposal of the packaging or of the waste products is complete responsibility of the buyer.*

***15) COURT:** the only court in charge of setting any claims between the parties regarding the understanding or the execution of the contract is the one of Bergamo (BG).*

NOTE
NOTES

I COLORI E GLI EFFETTI RIPORTATI SUL PRESENTE CATALOGO SONO INDICATIVI PER I LIMITI CONSENTITI DALLA STAMPA;
PER QUESTO NON POSSONO ESSERE VINCOLANTI E COSTITUIRE BASE PER EVENTUALI CONTESTAZIONI.

COLORS AND EFFECTS ON THIS CATALOGUE ARE TO BE CONSIDERED AS GUIDELINES DUE TO THE LIMITS OF THE PRINT;
FOR THIS REASON, THEY CANNOT BE BINDING AND BE THE BASE FOR ANY POSSIBLE CLAIM.
